Sequence 10, Application US/09461774

Patent No. 6897481

GENERAL INFORMATION:
APPLICANT: CHUNG, Maxey Ching Ming
APPLICANT: CHUNG, Maxey Ching Ming
APPLICANT: LIN, Renee Lay Hong
TITLE OF INVENTION: Bacterial-derived molecules and therapeutic and
TITLE OF INVENTION: diagnostic uses therefor
FILE REFERENCE: 1781-0180P
CURRENT APPLICATION NUMBER: US/09/461,774

CURRENT PILING DATE: 1999-12-15
NUMBER OF SEQ ID NOS: 22
SOFTWARE: Patentin Ver. 2.1
SEQ ID NO 10
LENGTH: 386
TYPE: PRT
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   Query Match 11.6%; Score 410.5; DB 2; Best Local Similarity 33.3%; Pred.
